“ Mile was like a little brother but we called each other cousins he would call me big cuz because him and my little cousin Anthony were like brothers they did everything together that came to all us doing everything together we argued fight fall out but we had that family bond and love where we shake right back from anything stronger than ever. Lil Mike was so polite soft spoken and could turn into Incredible Hulk if you take him there but is one of the strongest most respectful humble person I ever met it always was something special about Mike like that's what I called him. We use to just ride and talk about life from sun down to sun up from plans health etc.. a very smart guy that always takes about his children he loved most than anything in this world. We had so many fun times his smile would make you smile if you're mad or in a bad mood Mike is special and always will be I love and miss you lil cuz..... always from BIG CUZ (what you always called me and looked up to me I always felt good and respected that ... til we meet again I'll be lookin up at the universe talking to you family. Mush love and my condolences to all family and friends like was special to all of us..
